Casa Paradox pop up at One Style Mile

ARCHITECT AND ART DRIVEN DESIGNER RASEEL GUJRAL Ansal flagged off a pop up at One Style Mile in New Delhi. Lifestyle lovers and design addicts can now find not just an eclectic array of Casa Paradox home and fashion collectibles at this well spread pop up, but also seek in-person consultancies with the architect herself. This gallery will also be Raseel's artsy address for the coming months. Casa Paradox's bespoke concept in home couture and graphic art embodies global refinement and an indigenous design sense where art infused creations and masterful playfulness trickles down to wallpapers, fabrics, homeware, tableware, incidental furniture and fashion.

Vibhor Sogani designs Through the Depths

LIGHTING DESIGNER VIBHOR SOGANI'S NEWEST installation, Through the Depths, stands 12-feet tall and is a symbolic portrayal of constantly changing life. It represents the process of extraction of raw stone from the depths of the earth and its subsequent refinement into an aesthetic symbol. Created exclusively for Stonex India, the installation holds place of pride on an elevated stone surface at their manufacturing unit at Kishangarh, Rajasthan. Crafted in mirror-finished stainless steel, the installation is enlivened by its audience and transforms itself with the perpetual changes in the surroundings. As patrons enter the building, they are greeted by the illustrative surfaces that capture their attention and endow them with the awareness of the environment.
