Artistic Expressions

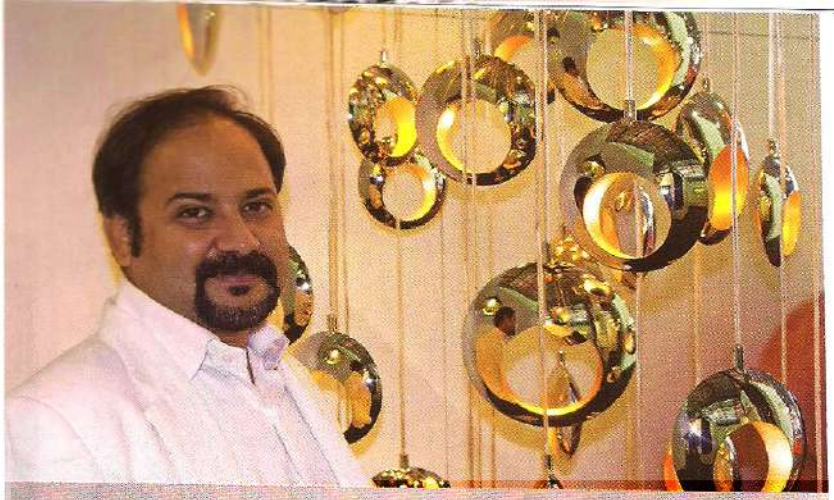
Experimental and research-oriented, Delhi-based Vibhor Sogani's works translate his ideas and expressions through the medium of art installations that are thought provoking and stimulating. **Architecture + Design** carries a brief profile of his creations...

Nest

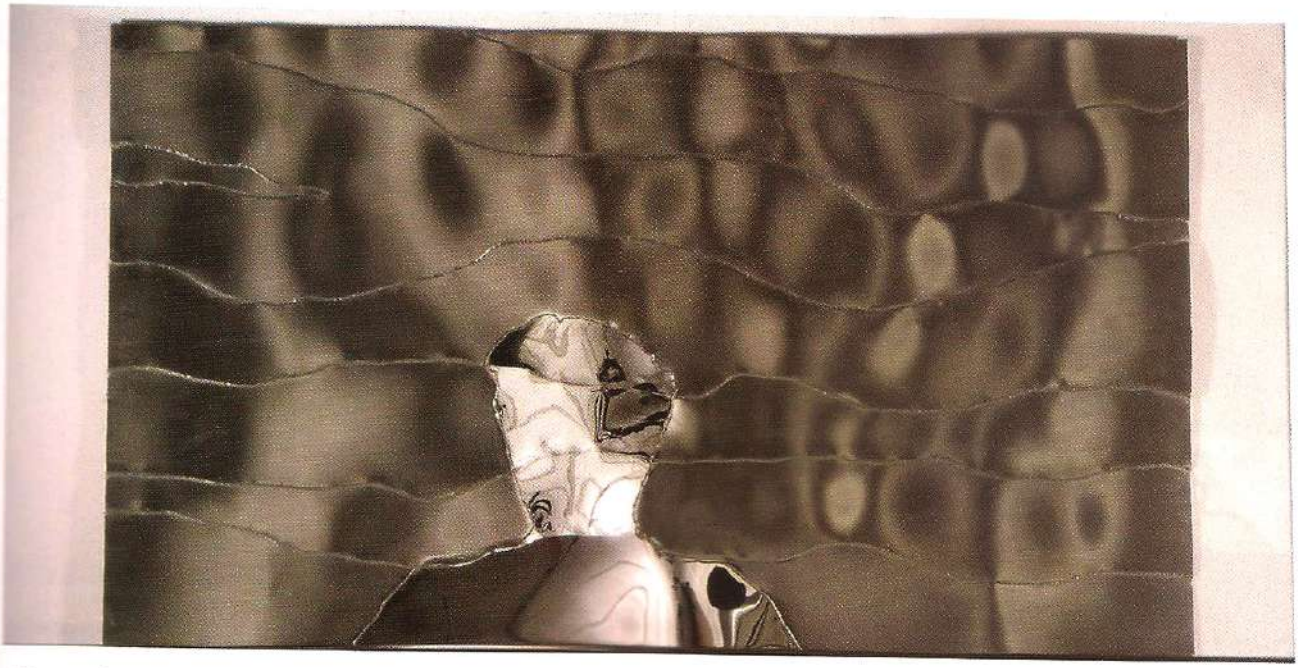
The nest-like stainless steel suspension has a mirror finished steel exterior complimented with hairline copper plating inside. This LED based suspension gives a crisp shaft of down light and also provides ambient light. It is ideal for residences, hotels and corporate spaces.

utumn

piece is a wall installation, made of copper and less steel.

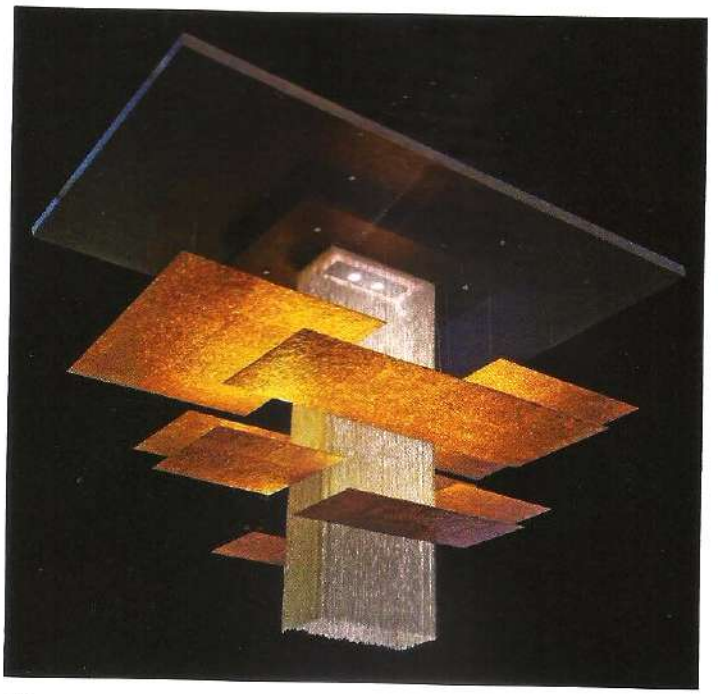


Vibhor Sogani is an established product designer from the National Institute of Design (NID), Ahmedabad. He graduated in 1992 and over the past 20 years, he has successfully provided design solutions in the arena of product, exhibition and interior design. Besides working with top architects and interior designers of the country, he has also completed projects with renowned builders, such as DLF, Kalpataru, Rustomjee, Lodha, BPTP, Unitech and India Bulls. In 2002, he became one of the country's first product designers to launch 'Signature Brand of Lifestyle Accessories' triggering off a trend in the market. His interest in fine arts leads to expressions in form of wall art and sculptures, which have been showcased by various galleries in group and solo art shows. Significantly, his work epitomises functionality with quality and urban aesthetics. Public art and urban installations in public spaces are his new areas of fascination.



God & I....really

Created of stainless steel, it is a piece of artwork that can be installed on the wall.



Cascade

Inspired from the 'Fallingwater' by Frank Lloyd Wright, Cascade is a multil-ayered chandelier made in crushed copper. It is suitable for places with high ceiling like atriums, hotels and corporate offices.

Aura Royal

This LED based light offers an elegant interplay of [illegible] silver plated SS discs, glass and finely cut jali. The jali [illegible] diffuser cutting all glare while subtly adding to the [illegible] piece can be customised as per any site in terms of its [illegible] formation and number of units.

My Neighbour Gulliver

It is an art installation, made of stainless steel.

Untitled

This art installation is made of copper and brass.
